

Energy Savings For The Novice

Date: Wednesday, March 25
Time: 7:00 – 8:30 p.m.
Place: Michigan Wildlife Conservancy
Bengel Wildlife Center
6380 Drumheller Rd, Bath
Cost: Free
RSVP: Michigan Wildlife Conservancy
517-641-7677 wildlife@miwildlife.org

Energy Savings for the Novice will be presented by Dennis Fijalkowski, President of EnergyBright, LLC, of Laingsburg. The 90-minute program is based on a newly published book entitled “Energy Savings For The Novice: Simple Ways to Build Family Wealth and Security.” The talk will highlight through words, PowerPoint and props many ways for the American family to reduce their dependence on foreign oil and the electric grid. A question and answer session will follow the program, and the new book will be available for sale.

The mission statement of EnergyBright is “to make energy conservation a family value and move America toward energy independence.” “We hope people attending the seminar will gain an understanding of where energy comes from, how it is used and the alternatives available,” said Fijalkowski. For more information about EnergyBright and energy conservation visit: energybrightoptions.com.

Teenage children are welcome to attend the program with their parents. Sponsored by the Michigan Wildlife Conservancy, Bath Township and Clinton County Waste Management Department.

Make Energy Conservation a Family Value
